For more information

We know that losing a child is probably the most overwhelming thing that can happen in the life of a family. True to the values of mutual support and solidarity that are the foundation of the cooperative movement, the network of Quebec funeral cooperatives wanted to give a concrete demonstration of its support for families grieving the loss of a child.

That was our aim in creating the Solidarité program. This program offers a substantial reduction of funeral costs for members* who lose a child.

We know how important it is to feel that you have support in such a time of trial. That is why we want to stand beside you.

* Inquire with the Coopérative for details.

Support when you lose a child

The Coopérative was created by and for its members. Every year, profits are reinvested to upgrade the services offered. The members decided to use some of these profits to create the Solidarité program.

Upon the death of a child aged 14 or under, the Coopérative will cover the costs of its own goods and services up to a maximum of \$2,500*, except where a government program is applicable.

How do I join the Solidarité program?

Simply by becoming a member of the cooperative. When you fill out the attached membership form, you will be joining 140,000 other members of the largest network of funeral parlours in Quebec. You will be adding your voice to those who are acting in solidarity with families who have lost a child.

* Inquire with the Coopérative for details.

I would like to be contacted by a representative of the Coopérative to receive information on the following products and services (no pressure, no obligation):

- the Solidarité program
- membership in the Coopérative
- prearrangement
- the record of wishes
- activities for members
- the guide *Une approche responsable*
- the *Profil* magazine
